Background

The Progress Report (PPR) was designed to assure that National Service Corps (NSSC) grantees address and fulfill legislated program purposes, meet agency program management and grant requirements, and assess progress toward work plan objectives agreed upon in the granting of the award.

Current Action

The Corporation seeks to revise the current PPR: a.) in order to reflect and mirror the revised regulations for the Retired and Senior Volunteer, Foster Grandparent, and Senior Companion Programs, contained in 45 CFR parts 2551, 2552, and 2553, published in the **Federal Register** on March 24, 1999, and b.) to eliminate current use of the PPR for collection of Government Performance and Results Act (GPRA) performance data. The Corporation anticipates making available to all NSSC grantees an OMB approved revised PPR by July of 2000. Pending OMB approval, the GPRA data will be collected annually as of September 30 and submitted by December 1, through separate reporting.

The revised PPR will be used by NSSC grantees to report progress toward accomplishing work plan goals and objectives, meeting challenges encountered, describing significant activities, and requesting technical assistance. Submission requirements are proposed to be revised as follows, which will have the effect of reducing the reporting burden on many grantees that currently report semi-annually:

Established multi-year NSSC grantees will submit the complete report annually within 30 days of the end of their annual budget cycle.

New projects in their first year, new components of statewide projects, demonstrations, and projects experiencing problems or with substantial project revisions will submit the PPR quarterly. One year grantees will submit the PPR semi-annually.
